GROOMING
SCHOOL
PROGRAM

The International Professional Groomers, Inc. certifies Pet Groomers. We are offering a special program to grooming schools and their students.

Through this program, the IPG, Inc. encourages grooming students to join IPG at a reduced membership fee and begin their certification within 6 months of beginning school. They may test for the Salon Details certification and prepare for other phases. Groomers may take up to 5 years to complete all the certification testing for *International Certified Master Groomer* status (ICMG)

ADVANTAGES OF CERTIFICATION

Obtaining certification through IPG will stand as a solid credential to prospective clients or employers, assuring them you possess the passion and drive to enhance your knowledge and skill. The certification process not only enhances the image of your industry, it will show you are much more desirable and qualified to prospective employers or when presenting your business proposal to planning commissions and loan departments. Certification is a great way to validate your professionalism.

Once you embark on the road to certification, you will be learning more about grooming skills, especially as they are applied to grooming dogs according to the breed standards published by the American Kennel Club or your country's kennel club.

ELIGIBILITY FOR STUDENT CERTIFICATION PROGRAM

The IPG' Inc. Student Certification Program of IPG certification is open to all grooming students who become IPG members within 6 months of beginning their school or courses, and who agree to abide by the IPG Code of Ethics.
